

This equipment is intended for Georgia local governments and solid waste authorities that have not received the DCA Away-From-Home Recycling grant, or those grant recipients who wish to replace or expand their stock of recycling equipment. These prices are available to local governments through DCA, but vendors may increase their prices at any time.

If you are purchasing equipment for use at special events, please notify Kenny Dove at [kenny.dove@dca.ga.gov](mailto:kenny.dove@dca.ga.gov) so your community information can be added to the ReTrac online reporting tool. By purchasing the equipment at the listed prices, you agree to the same reporting requirements that apply to grant recipients. For questions, please contact Kenny Dove.
